Dear Campers & Families,

Now more than ever, kids need nature! Since 1927, campers and staff have gathered beneath the pines at Camp Fire Camp Toccoa for fun, friendship and adventure - to connect outdoors.

We are excited to offer programs to you and your family that we feel we are able to safely operate this summer. This year we are offering, Owanyake Day Camp, Overnight Adventures, Family Camps and more. If at later date (late May or early June) we feel we can safely add overnight camp, we will host it at the end of July. We look forward to the return of overnight camp, in full capacity, for Summer 2022.

All of our programs are in nature - fully unplugged! Our 176 acres have plenty to explore from waterfalls, to canoeing and archery, arts and crafts, challenge tower and more.

Helping youth become who they want to be takes time and encouragement. It takes paying attention to what sparks a passion. At Camp Fire, that’s what we do. We pay attention. We help youth discover the exceptional people they are, now!

We love the magic camp brings to campers and families - and cannot wait for you to experience it!

Sincerely,

Mary McSherry
Interim Executive Director

Covid-19 Information

The health and safety of campers, staff, and the community, are always our first priority.

As Camp Fire Georgia and Camp Fire Camp Toccoa plan for events, we will continue to closely monitor and follow guidelines from both our local health department, and the CDC. We are actively collaborating with the National Camp Fire Office, the American Camp Association, and medical professionals to plan and train for safe programs.

We are excited to offer new programs that we feel we can safely operate while still giving campers and families a taste of the "Camp Toccoa Magic."

Our expectation is that overnight camp will fully resume in 2022.

For now you’ll see slightly modified programming, campers grouped into pods and also the requirement of masks for all staff and participants.

Please continue to check our website for updates and additional information!

Tiered Pricing Information

Our tiered pricing structure gives added flexibility that we hope will allow all families to attend and participate in our programs. Please read each description before registering and pick the tier that best fits your family’s needs. This is strictly an honor system and no matter which tier you choose, our programming is the same for ALL participants.

TIER 1: PARTIALLY SUBSIDIZED COST
Every effort is made to keep the cost of programs as affordable as possible. At this level, fees are partially subsidized.

TIER 2: DIRECT COST
Electing to pay the Tier 2 price helps cover the direct cost of programs including program costs, meals, staff salary, etc.

TIER 3: TRUE COST
For families who are able to pay Tier 3 pricing, this level constitutes the true cost of programs including all aspects of occupancy costs, insurance, administrative staff, etc. If you can afford to pay at this level, please do so. It helps us make our program affordable for others.
Owanyake Day Camp

Camp Fire After school

Camp Fire After school takes place at your child’s school (within the Stephens County School system) for students in grades Pre K through 5th grade. At Camp Fire it’s more than just activities and play; all programs are outcome based. With a safe and supportive environment, children can fully engage in activities, they are provided with leadership opportunities, and each child is supported in lifting his or her voice. Youth are encouraged to explore their natural sense of curiosity, and to find their own spark!

Students and parents should expect fun, excitement, and learning! Programs are located in the elementary school where the participants are enrolled as students. This creates consistency for the children and eases the burden of transportation for parents. Camp Fire after school helps families, and keeps kids safe while offering them homework help, snacks, physical activities, and enrichment.
